**Help needed.**

At the Toller Special this year, we would like to measure as many tollers as possible – height at the withers – in order to follow up on the long term breeding program for our breed. This will be done at the Secretariat, and we will only record the following information (the dog's age, sex, and height at the withers). Please help us and measure your dog, young or old!

**Veterinarian.**

On Saturday, between 16.00-18.00, our veterinarian Malin Kånåhols will be at the Secretariat at Engvallen, for participants that need to deworm dogs before going home. There will not be any medication for sale at the secretariat – you can buy deworming pills at the Apotek in Karlsborg (opening hours Mon-Fri 9.00-18.00 and Saturday 10.00-13.00).
